

June 2016 Updates to HSA Bank Mobile

In an effort to continually improve your mobile experience, we recently made some updates to our mobile app, HSA Bank Mobile. Please take a moment to familiarize yourself with the enhancements below.

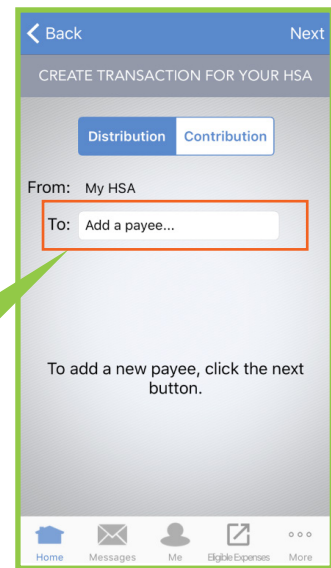

Access Qualified Medical Expenses

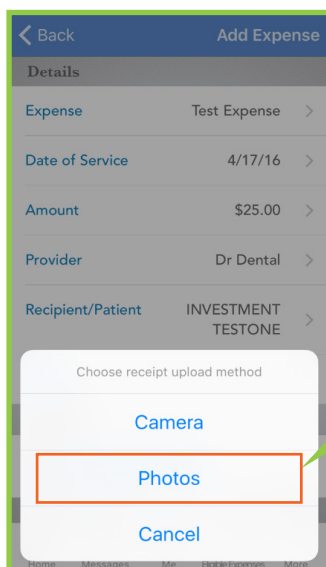

Members will be able to link to a list of 213(d) expenses to quickly and easily determine eligibility.

Members will now be able to add a payee to their account right from their mobile device.

Easily Add a Payee

Upload a Saved Image

Members can now upload a saved image when filing a claim or adding an expense, providing greater flexibility with claim submissions.

Accessibility Enhancements

Accessibility for individuals with disabilities has been improved by integrating assistive technology.
